FRANCISCAN SUMMER SCHOOL ASSISI

THE FRANCISCAN RULE

*Theological Institute of Assisi
Higher Institution of Religious
Sciences of Assisi*

Assisi, July 9-16 2023

FRANCISCAN SUMMER SCHOOL

THEOLOGICAL INSTITUTE OF ASSISI
HIGHER INSTITUTION OF RELIGIOUS SCIENCES OF ASSISI

ASSISI, JULY 9 - 16 2023

On the occasion of the Franciscan anniversaries (2023, eighth centenary of the Franciscan Rule and of the Greccio Christmas; 2024, eighth centenary of the impression of the Stigmata; 2025, eighth centenary of the Canticle of the Creatures, 2026, eighth centenary of the Transito di San Francesco), the Theological Institute and the Higher Institute of Religious Sciences of Assisi, the dioceses of Umbria and other Franciscan families offer an intensive week of study and experience in the places where the charism was born.

With the help of the teachers of the specialization of Licentiate in Theology and Franciscan studies, activated since 2000, and the help of other teachers and experts, students will be

able to rediscover the charism that gave rise to the entire Franciscan movement, not only thanks to the lessons in the morning, but also thanks to the visit of the places and monuments, for which Assisi is considered a heritage of universal culture.

The mornings from 10 to 14 July will be dedicated to frontal lessons divided into three moments (Biblical foundation; Franciscan; Historical updating), in the headquarters of the Institutes, and in the afternoon we will continue by visiting the most important places in Assisi, meeting some protagonists of the Franciscan city.
